

Pollboom™ Foam Filled Fence Boom

The Pollboom™ range of Fence Booms are solid, light weight containment booms that are ideally used in the case of emergency deployments.

The booms are manufactured of PVC/ PU fabric in high visibility grey / orange / yellow colour. The internal floats are made of foam and hence is a great choice for long term usage.

Ballast is provided by an enclosed galvanized chain to pre-vent corrosion. Each boom section is provided with an ASTM Z connector to allow connection to the next section of boom. The slim form of the boom allows easy storage on pallets or reels.

PollBoom™ range of Fence Booms are manufac-

tured in a variety of dimensions, covering a range of multiple applications. The section lengths of the booms can also be customized and suited to customer's needs, hence making Fence Booms a cost-effective solution.

Features:

- For emergency deployment in calm waters
- High visibility color together for easy spotting
- Easy to use and compact to store
- Minimal Maintenance
- Material: PVC / PU Fabric
- Connectors: ASTM Z design as per ASTM F962
- Boom designs comply as per ASTM F1523
